

Trimega Laboratories was a leading provider of Drug and hair alcohol testing, and provided expert advice and support in drug, alcohol and DNA testing to include expert witness reports and testimony.

Client Requirement

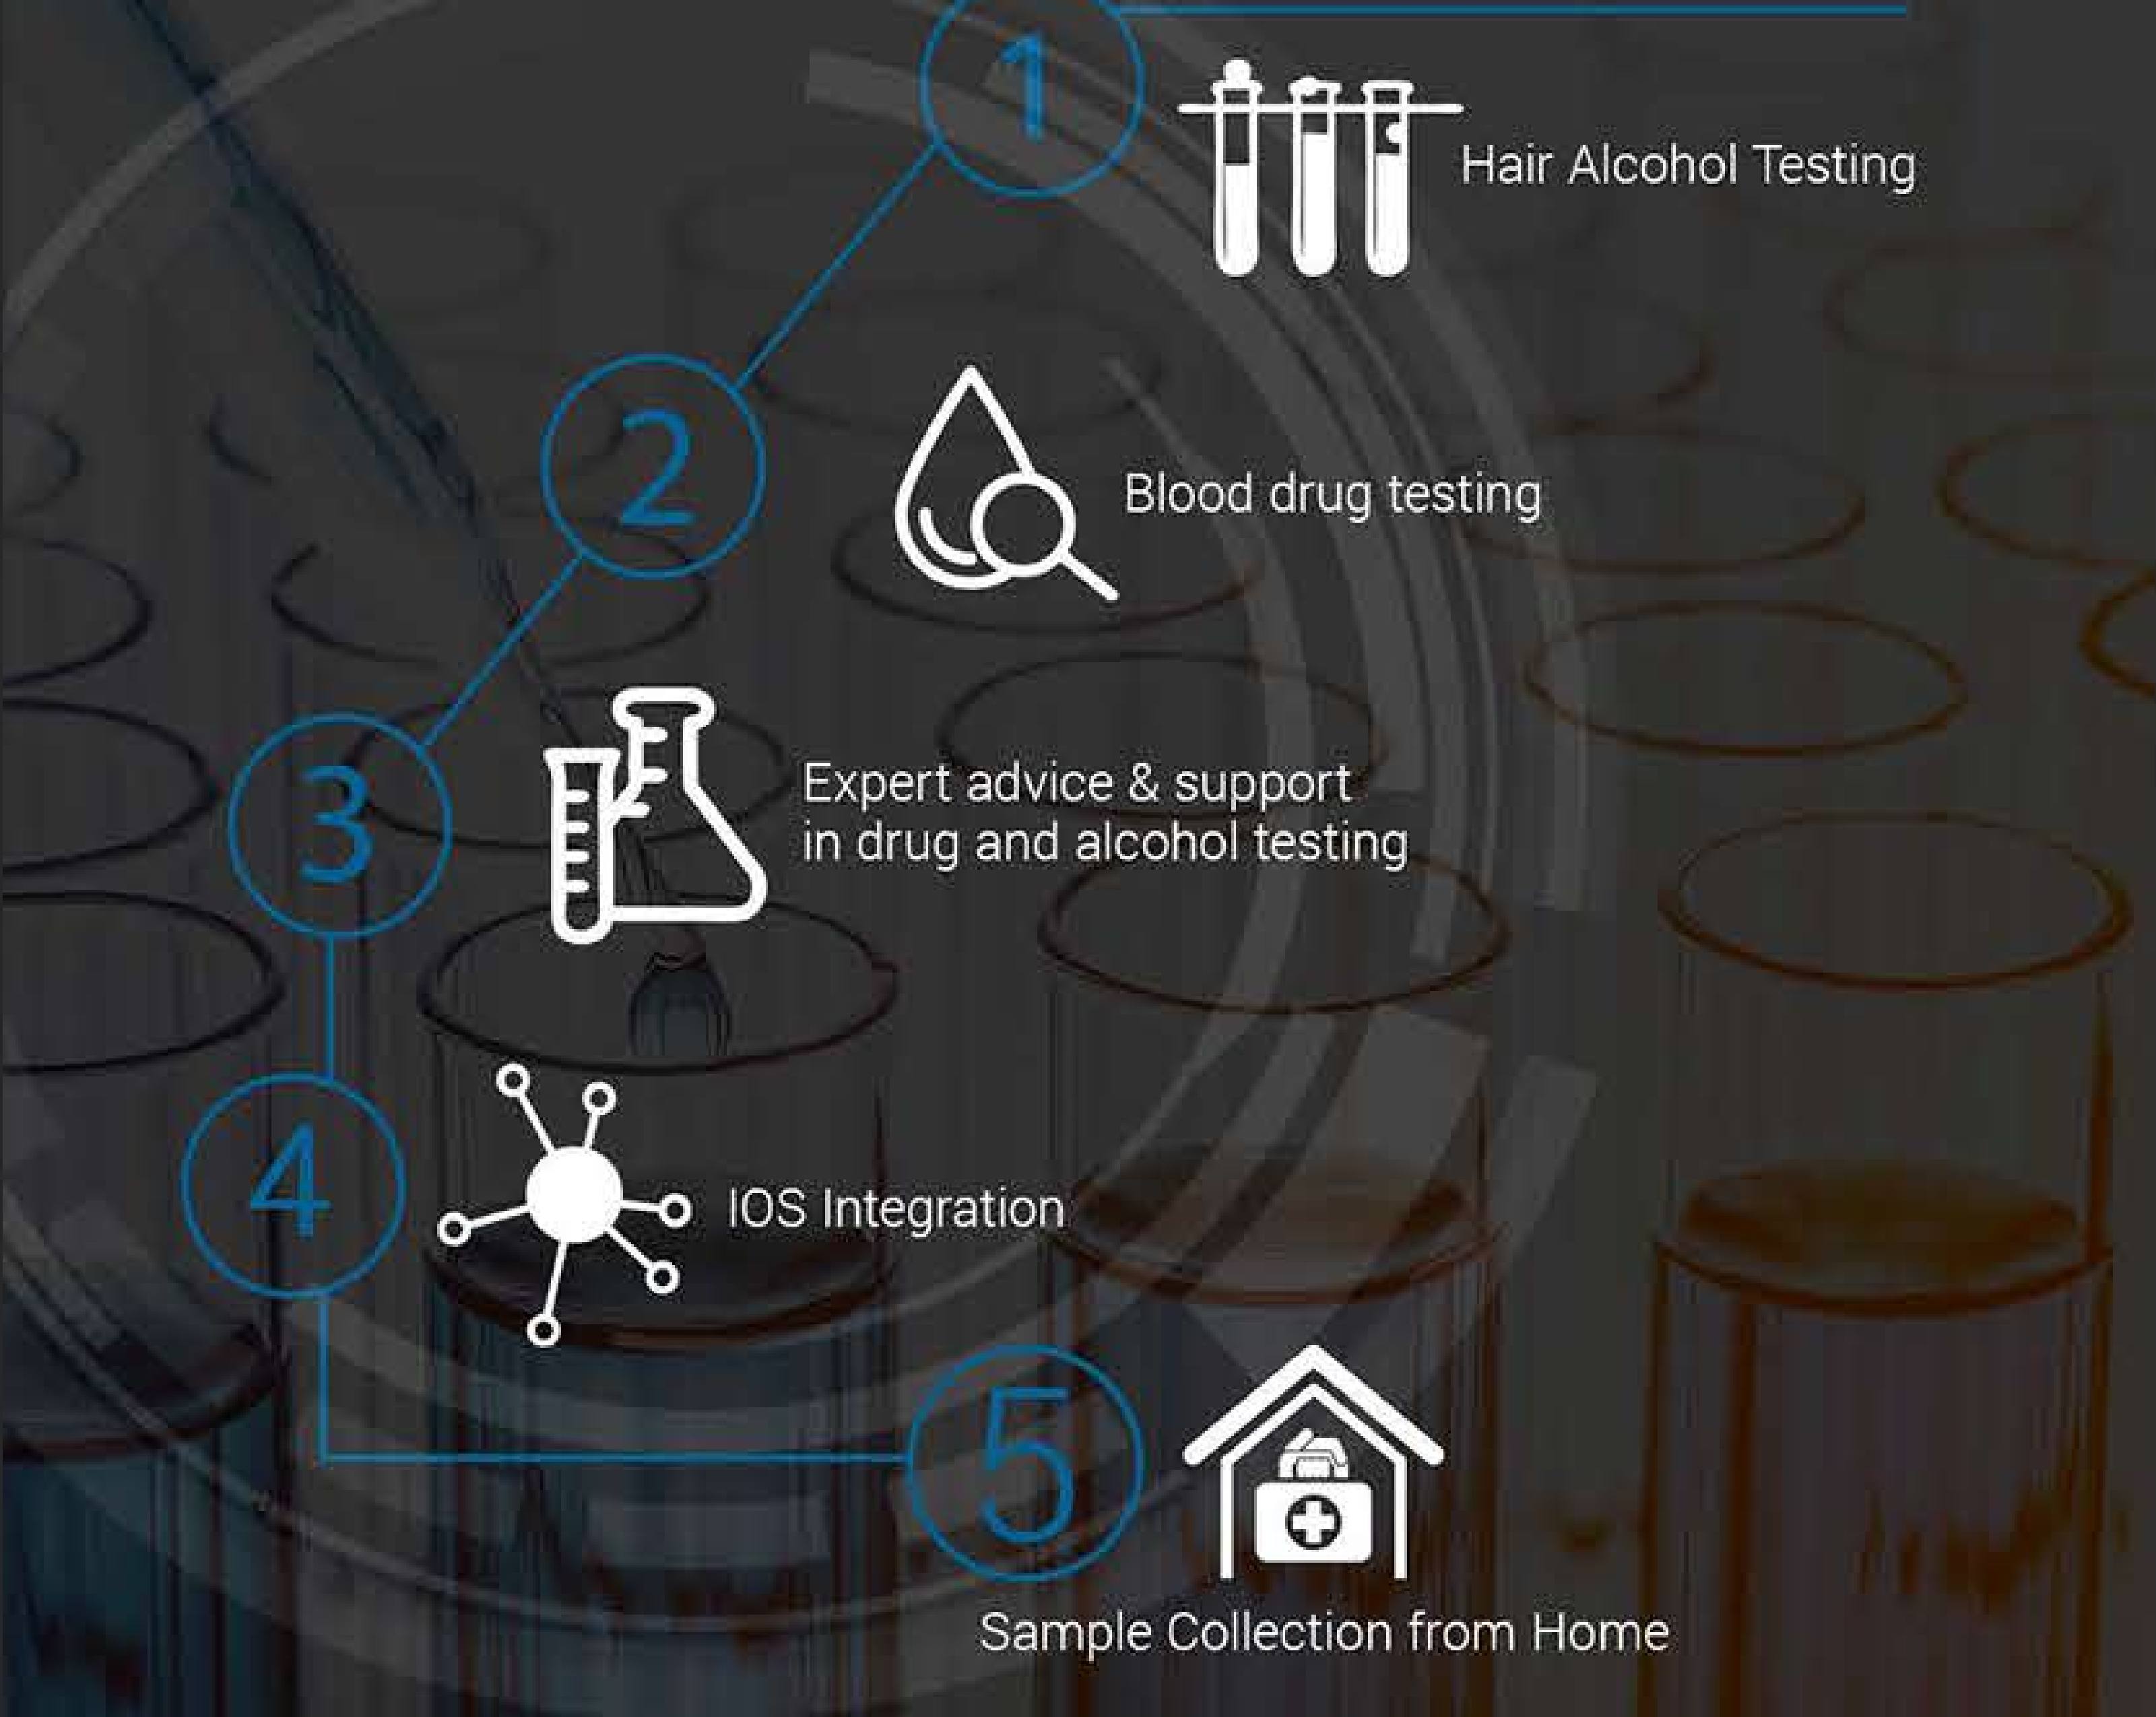

Secure Portal to get Quote and monitor status of Test Results, automated report delivery and importing test results and sample collection management application in IOS to Salesforce.

Enzigma Solution

We built and automated the entire drug and alcohol testing process and came up with a solution based on a Salesforce native system and an online Portal.

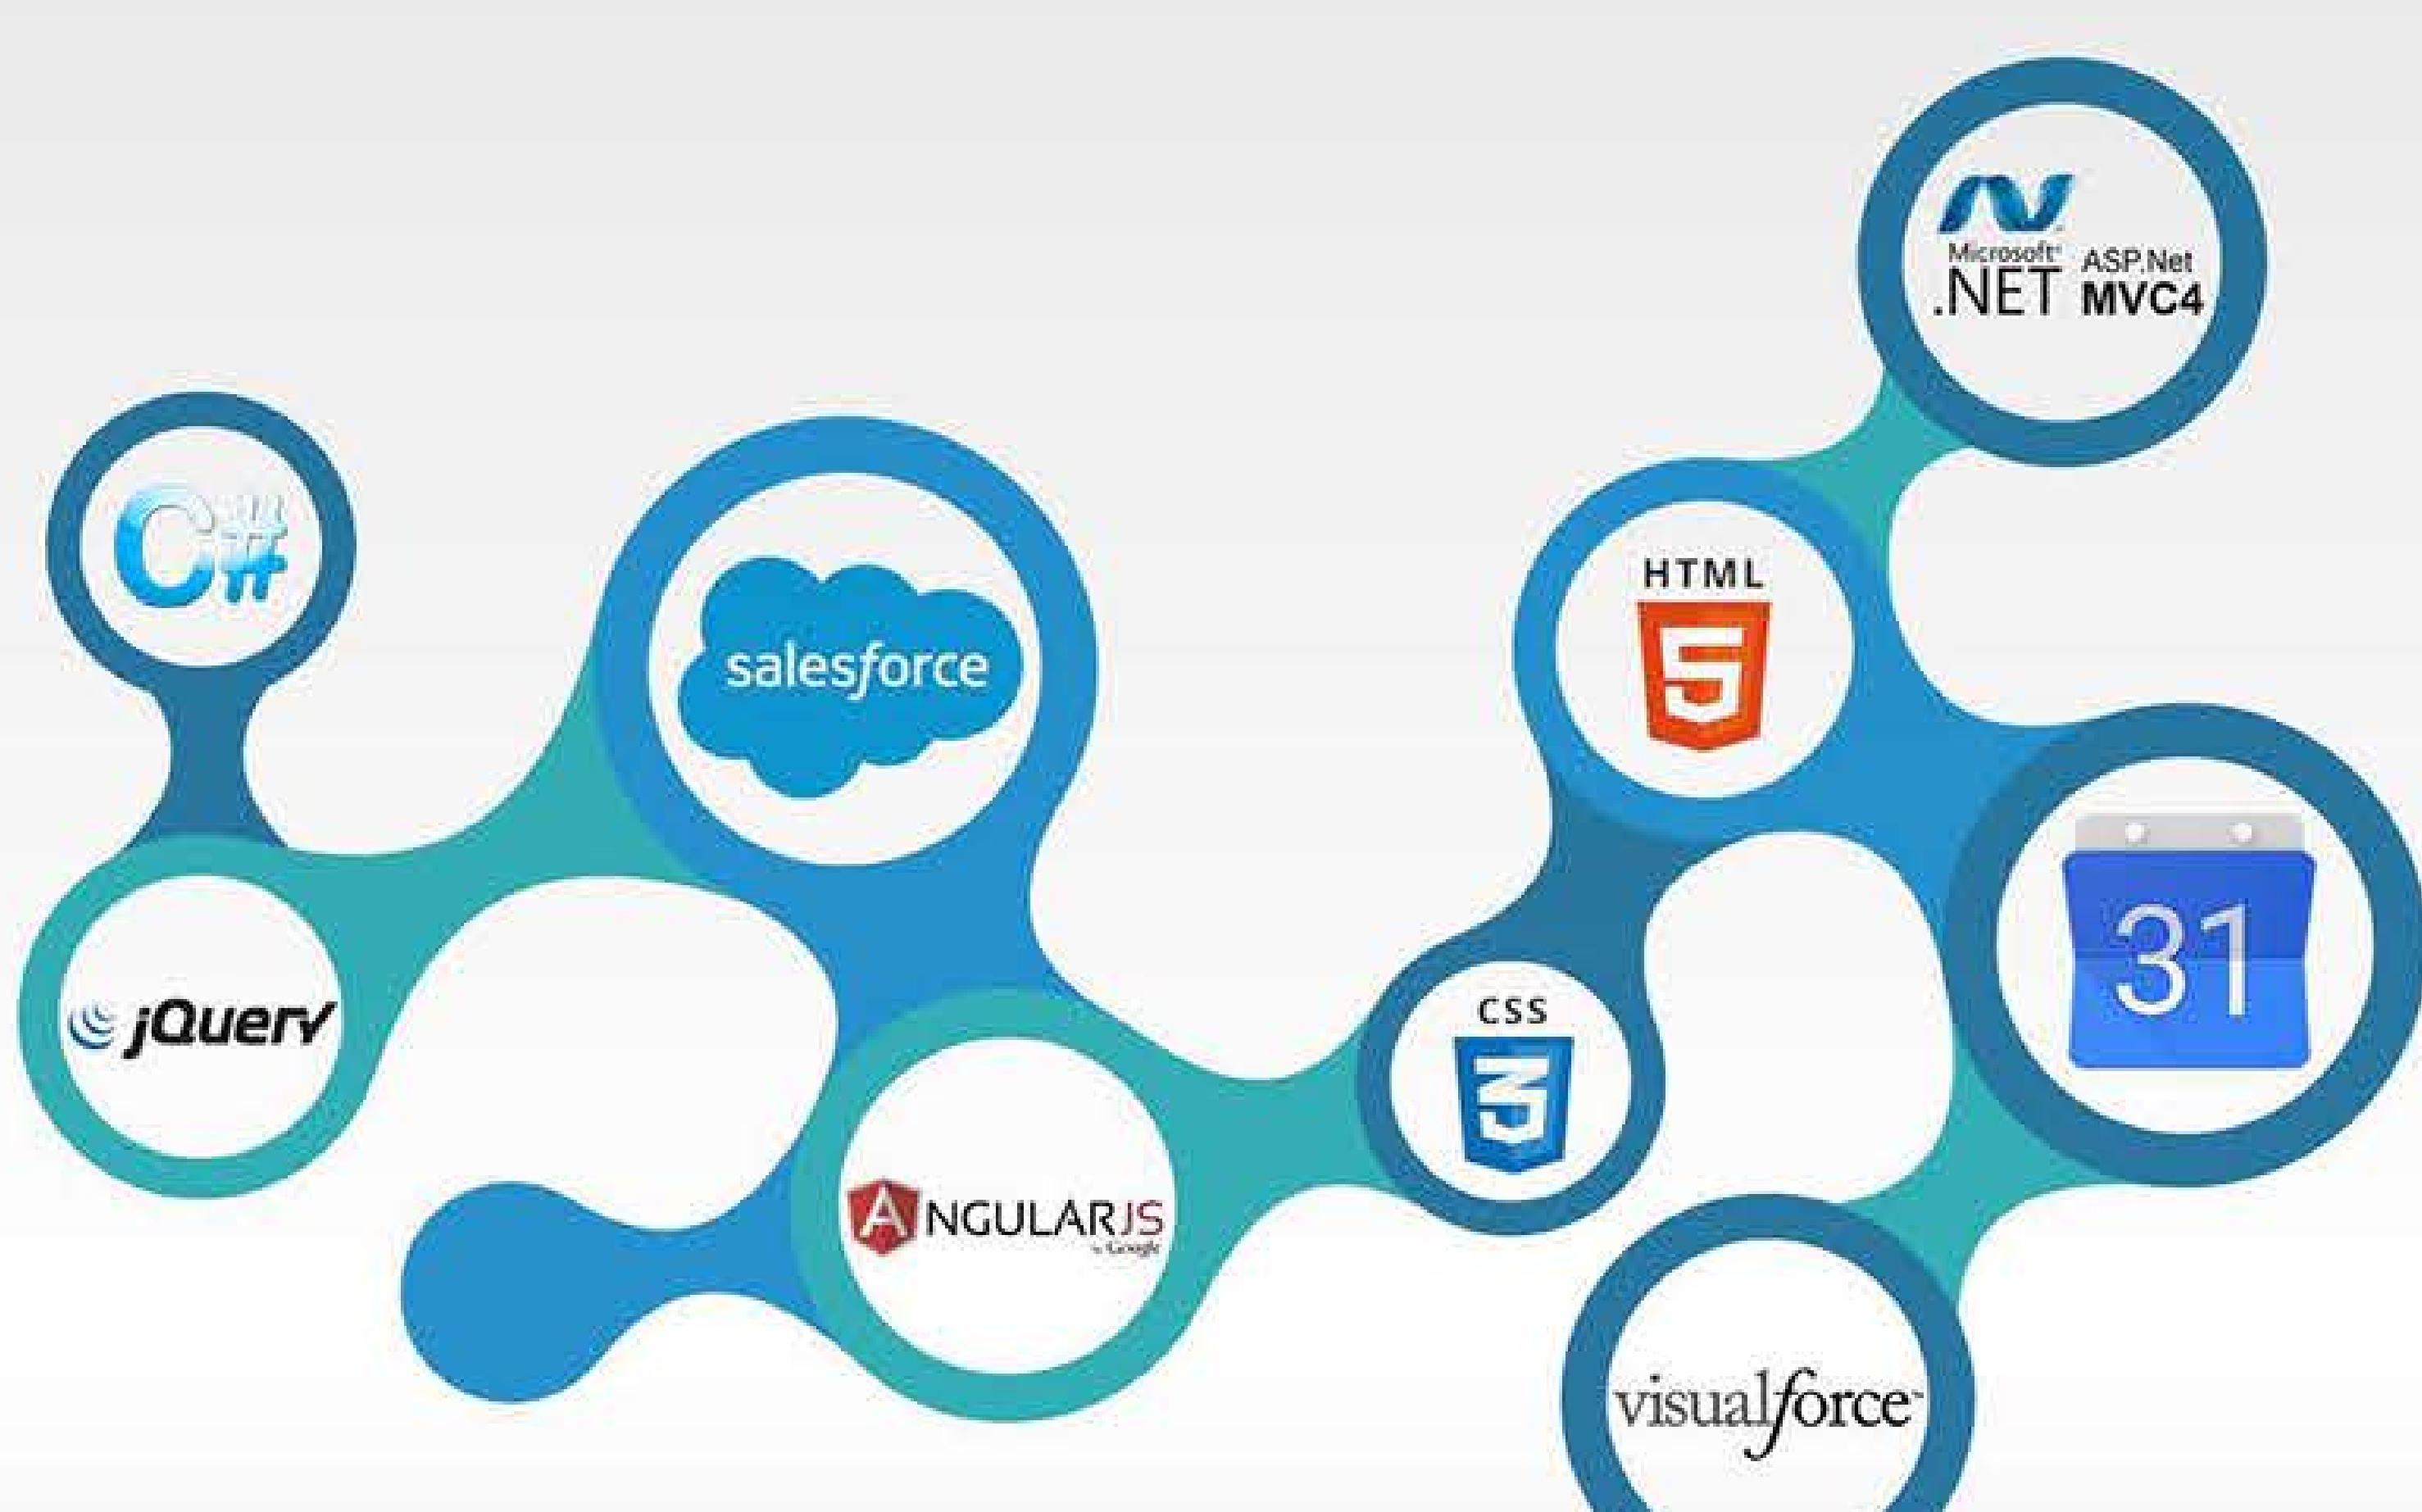

Key Features

Drug and Alcohol misuse testing through hair/blood analysis, DNA testing services and sample collection from home, based on scheduled time using IOS application.
